

Gai Levi – Full Stack Web Developer

Personal information

Gai Levi 050-6708899 gailevi1414@gmail.com [LinkedIn](#)
City: Rishon-Lezion

Education:

HIT - Holon Institute of Technology, B.Sc. in Computer Science. 2020-2023
Yitzhak Rabin High School, Kiryat-Gat, Israel. (2014) advanced computer science.

Projects

Mern-Holidays: mern-booking-app-lesp.onrender.com **code:** github.com/GaiLevi/mern-booking-app

Developed a BOOKING.COM clone application featuring user authentication with JWT, hotel management, image uploads using Cloudinary, search, sort, and filter functionalities. Integrated Stripe for secure online payments and showcased recent hotels on the home page for dynamic content.

Universe: universe-frontend.onrender.com **code:** [Frontend](#), [Backend](#)

I successfully designed, and implemented a dynamic full-stack project named Universe, a social networking platform, showcasing proficiency in Node.js, Express, React.js, and MongoDB. Leveraging technologies such as Axios and sockets, I developed features enabling users to share posts, search and follow others, express engagement through likes and comments, and receive real-time notifications.

For another projects: github.com/GaiLevi

Skills

- Web Programming: TypeScript, JavaScript, Python, HTML, CSS.
- Web Frameworks: React, Node.js, Express, Django, Flask.
